SENATOR DUNLAP

SENATOR DUNLAP—Fruit is of good size and a beautiful bright red color, glossy and very firm. It is a splendid shipper and of excellent quality. It stands up well in dry weather and makes a good fruiting bed under adverse weather conditions.

50 plants \$1.75; 100 plants \$2.75; 250 plants \$5.50; 500 plants \$8.75, parcel post prepaid. 1000 plants \$13.50, express not prepaid.

PREMIER

PREMIER—This is by far the most popular extra early strawberry. It is our first variety to ripen and is so extremely productive that it continues producing berries for many days. The berries are very large, firm, good quality, rich red color. Because the blooms are very frost-resistant, it is a sure and heavy bearer. Self-pollenizing.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

KLONMORE

KLONMORE—This is a variety that was recently developed from a cross between the Klondyke and the Blakemore. It has the good qualities of each of its parent plants. It's a very good plant maker and produces an abundance of high flavored berries like the Klondyke with the excellent shipping quality of the Blakemore. Especially well adapted to the midwest and southern states.

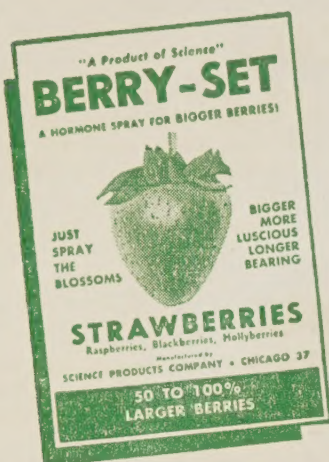

50 plants \$1.75; 100 plants \$2.75; 250 plants \$5.50; 500 plants \$8.75, parcel post prepaid. 1000 plants \$13.50, express not prepaid.

FAIRLAND

FAIRLAND—Is a midseason variety and is a heavy producer of berries that are large, fairly good in quality and beautiful in appearance. Their light color makes them appealing to the eye of the buyer.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

If you want to order 5000 or more plants, please write for special quotations.

BERRY-SET

Makes berries grow much larger often 50% to 100% BIGGER—meatier—sweeter—most luscious tasting. Increases berry yields greatly. Strawberries have fewer seeds. Sprayed berry plants bear ripe fruits over a longer period of time; therefore gardeners enjoy a longer season, get greater enjoyment and greater value from their berry plants. This new scientific "Hormone" powder effective on ALL berries.

1 oz. package makes 4 gallons.
(1 oz. 50c) (3 oz. \$1.00)
prepaid

DIXIELAND

DIXIELAND—A new variety released for introduction by the U. S. Department of Agriculture and the North Carolina Experiment Station in Nov., 1953. Plants are vigorous and very productive. Ripening season is early, about the same as Blakemore. The berries run large and deep red, firm and uniform in shape. The skin is glossy and tough. The flavor is acid and good. Good for freezing or canning.

50 plants \$2.25; 100 plants \$4.00; 250 plants \$7.50; 500 plants \$14.00, parcel post prepaid. 1000 plants \$22.00, express not prepaid.

NEW RED RICH EVERBEARING

ENJOY bigger, redder, sweeter berries. Plant RED RICH Patent No. 993, Hybridizers used 15,000 seedling plants to produce this remarkable berry. Big, solid, firm. Ripens clear red right through center. Abundance of natural sugar. Good for freezing—does not mush when thawed. Carries fruit on tall stems, up off the ground. Yields so heavily, fewer plants needed. Red Rich starts bearing in the spring, keeps on giving you heavy yields right through to frost.

12 plants \$2.95; 25 plants \$5.00; 50 plants \$8.50; 100 plants \$15.00; 250 plants \$32.50; 500 plants \$55.00.

GEM EVERBEARING

GEM EVERBEARING—The berry that really produces two crops each year. Pick all this summer and fall, then you will harvest another fine crop next spring. Unlike most everbearers, this variety is an excellent plant maker. The plants are very healthy and vigorous, producing an abundance of runners, which bear fruit the first season. The berries are large, bright red, firm, roundish in shape, rather tart but of good flavor and quality. Good for dessert or culinary uses. Very attractive in appearance and sell well on the fresh fruit markets.

50 plants \$3.00; 100 plants \$5.00; 250 plants \$10.00; 500 plants \$17.50, parcel post prepaid. 1000 plants \$25.00, express not prepaid.

ALBRITTON

ALBRITTON—Produces berries a very vivid red in color, turning to a deeper red when fully ripe. It is an early variety of large size berries, which are very uniform in shape, and it is one of the heaviest yielding of all varieties.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

STREAMLINER

EVERBEARING STREAMLINER—The newest sensation in strawberry plants is the everbearing Streamliner. This is the heaviest-bearing strawberry plant produced in the past 25 years.

Large size, healthy foliage and excellent flavor. If you want the very highest profits, the Streamliner is the plant to buy.

50 plants \$3.00; 100 plants \$5.00; 250 plants \$10.00; 500 plants \$17.50, parcel post prepaid. 1000 plants \$25.00, express not prepaid.

VERMILION

VERMILION—A new variety of strawberries resistant to all common strawberry diseases. Released in the Spring of 1950 by Dr. A. S. Colby, University of Illinois Agriculture Experiment Station. Especially good variety where red stele root rot is a problem. The Vermilion is a spring bearing variety producing large round berries that are as good a shipper as the Premier.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

DORSETT

DORSETT (Early)—Its bright red color and rich delicious flavor always bring top market prices. Ripening early with Premiers and Blakemore, this variety rapidly came to the top in flavor, and is now well known and widely planted in all strawberry sections of the United States. In this latitude it does exceptionally well.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

FAIRFAX

FAIRFAX—Experienced strawberry growers who have tested Fairfax have placed it at the very top of the list for quality. It is extra early, having the same bearing season as Premier, but is a much heavier bearer. The early blooms do not show serious frost damage, and the fruiting season extends over a long period. Flavor rich and sweet, bright red in color. Holds up well as a market variety and stands long distance shipping.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

GUARANTEE

We guarantee all of our nursery stock to be just as represented in our catalogue; full up to grade, of good quality, free from injurious insects and diseases, true to name; also to reach the customer in good growing condition. Furthermore, we will at our option either replace free of charge or refund purchase price on any stock that arrives in bad condition; providing claim is made within 10 days after arrival. After 10 days it is mutually agreed that stock is satisfactory. If stock is unsatisfactory on arrival, be sure and get a signed statement from your express agent or postmaster showing extent of damage and send this along with your claim. Do not return plants unless so instructed by us. Continued growth depends upon soil, climatic conditions, planting and care—conditions we cannot control—hence it is not guaranteed. It is mutually agreed that in any event we will not be liable for more than the purchase price of the stock. It is understood and agreed between the customer and ourselves that the purchaser's order and our acknowledgement of its receipt shall constitute a mutual acceptance of the above terms and conditions.

Should you find it necessary to write us relative to your order at any time, be sure and return the shipping tags on your shipment. We will be unable to make any adjustments unless shipping tags are returned to us.

↓ **BLAKEMORE** (The Ideal Early Shipping Berry)

BLAKEMORE—We offer a special strain of Blakemore, free from yellows. A healthy plant that yields big crops of berries. Will stand two or three days without over-ripening. Foliage is healthy and stands up well during drought. Fruit is firm, of good color and unexcelled as a long-distance shipping berry. Ranks high in productiveness. To get all that you are entitled to from Blakemore, do not allow them to mat too thickly in the rows during the growing season.

50 plants \$1.75; 100 plants \$2.75; 250 plants \$5.50; 500 plants \$8.75, parcel post prepaid. 1000 plants \$13.50, express not prepaid.

↓ **ARMORE**

ARMORE—A new Spring bearing variety developed by the Univ. of Missouri. Armore is a cross between the Aroma and Blakemore and outyields both of its parents. It produces a very heavy crop of large fine-flavored berries. It is also resistant to leaf spot and other leaf diseases.

50 plants \$1.75; 100 plants \$2.75; 250 plants \$5.50; 500 plants \$8.75, parcel post prepaid. 1000 plants \$13.50, express not prepaid.

↓ **CATSKILL**

CATSKILL (Midseason)—An ideal midseason berry. Because of its size, flavor, heavy yield, vigorous growth and its adaptability to a wide range of soils and climates. Catskill berries are huge in size, deliciously flavored. Bright glowing red in color. Each berry matures to uniform size and shape. Colors evenly firm in flesh and skin. They withstand long shipping. We recommend Catskill for those who wish to grow large fancy berries.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

↓ **NEW ROBINSON**

NEW ROBINSON—It is a terrific plant maker. The fruit is solid-meated and bright, glistening red—the sweetest, richest flavored and the largest we have ever had. Many customers have reported berries five to six inches in circumference—18 to a quart. Robinson is a sensation as a commercial berry and certainly the best for home canning and freezing. Fruits about one week later than Dunlap.

50 plants \$2.00; 100 plants \$3.00; 250 plants \$6.00; 500 plants \$9.50, parcel post prepaid. 1000 plants \$15.00, express not prepaid.

↓ **TENNESSEE BEAUTY**

TENNESSEE BEAUTY—A new variety from Tennessee. A scientific cross, Premier X Missionary, same parentage as Blakemore. Tennessee Beauty makes a vigorous growth with plenty of new plants that are very productive. Berries are medium to large size, a bright shiny attractive red color and quite firm. Good quality. Tennessee Beauty have a very high percentage of No. 1 berries as compared with Blakemore. Also rated very high as a berry for freezing.

50 plants \$1.75; 100 plants \$2.75; 250 plants \$5.50; 500 plants \$8.75, parcel post prepaid. 1000 plants \$13.50, express not prepaid.
